

MIDDLE ALABAMA AREA AGENCY ON AGING  
RESOURCE DIRECTORY 2011

Blount County

Chilton County

Shelby County

St. Clair County

Walker County

The *M4A Resource Directory* has been developed and is updated on an annual basis by the Information and Referral Program of Middle Alabama Area Agency on Aging in cooperation with and funding from the Alabama Department of Senior Services.

Through a partnership between Middle Alabama Area Agency on Aging and United Way of Central Alabama, an electronic version of the *M4A Resource Directory* may be downloaded from the United Way of Central Alabama website: [www.uwca.org](http://www.uwca.org)

### **Middle Alabama Area Agency on Aging Programs**

**Alabama Cares** is designed to support family caregivers by providing training, assistance, and resources to help them take care of their loved ones and themselves. The caregiver must be caring for someone who is at least 60 years old. If grandparents 60 or older are providing primary care for grandchildren eighteen and below who have developmental disabilities, they also qualify for the program.

**Information and Referral** serves as a single point of entry for assessing seniors for in-house services and assists in locating outside services that meet their needs.

**Legal Assistance** includes advocacy, counseling and advice, negotiation, representation before judicial bodies, appeal of adverse decisions, wills and living wills, Powers of Attorney, and referrals for persons whose legal problems are of a non-criminal, non-fee-generating nature. Clients must be sixty years old.

**Medicaid Waiver Services** enable many blind, elderly, and disabled persons to receive care in their homes and to avoid or delay their move to an institution. There is no age limit, but the person must be on SSI/Medicaid.

**Nutrition Centers** provide balanced, congregate meals, home-delivered meals, transportation, socialization, and educational presentations. Participants must be sixty or above.

The **Ombudsman** is certified to investigate complaints and answer questions from seniors and their families about care in nursing homes, assisted living facilities, and other long-term care facilities. This service has no age limit.

**Senior Rx/Wellness** is a program designed for people fifty-five years of age and older who do not have prescription medication coverage. SenioRx staff provides assistance in obtaining free medications from pharmaceutical companies. There are income eligible limits. The Wellness Program provides information about health lifestyles. There are no age or income requirements for the Wellness Program.

**SHIP**, the State Health Insurance Assistance Program, provides insurance counseling including assistance with Medicaid, Medicare, Medicare supplements, Supplemental Security income, health insurance, and long-term care insurance.
