United Way fights for the health,
education and financial stability of every
person in every community.

United Way
of Central Alabama, Inc.

“Disability doesn’t matter. If you have a strong mind and will. That’s all that matters.”

- Kylin Lewis
United Ability Participant

United Way fights for the health, education and financial stability of every person in every community. We are more than fund-raisers. We are hand-raisers. We raise our hands not only to lead the fight, but to reach out to people who need help. And hope.

We win by living United. By forging unlikely partnerships. By finding new solutions to old problems. By mobilizing the best resources. And by inspiring individuals to join the fight against our community’s most urgent needs.

So who are the hand-raisers, the game-changers? They’re people who know that at the core of every human being is a desire to do good. Who recognize the power that comes from a shared purpose. Who understand they’re always stronger together than they are alone.

They’re people like you!

United we fight. United we win.

Your investment in United Way of Central Alabama supports more than 80 agencies and programs through an annual allocations process. The result is direct funding to our partner agencies that provide help and hope to those they serve.

15 Consecutive Years

Designation Policy

We understand some individuals may want to designate their gift to a specific agency or initiative listed in this brochure. In order to do this, a minimum gift of \$25 is required and the designation will be treated as first dollars in their allocation.

If your company allows donations to non-United Way agencies, the guidelines are as follows:

- The minimum gift accepted for an agency not listed in this brochure is \$1,000 with at least 50% of this gift remaining with United Way to be allocated to its partners.
- Designated agencies must be 501(c)(3), tax-deductible health and human service organizations. This does not include churches, schools, athletic teams, environmental agencies, etc.
- All corporate matching dollars will remain with United Way to be used as part of the annual allocations process.
- Gifts received through a donor-advised fund cannot be further designated except to United Way agencies or initiatives. These designations will be treated as “first dollars in.” Designations paid from a donor-advised fund will not reflect an individual donor’s name on remittances to an agency or initiative and will not be receipted by United Way.
- Donations to the Central Alabama Children’s Funds exceeding county requests for children in a specific county will be held for that county’s children for one year. After one year, these will become available for distribution according to the needs across the five counties.

Any gift outside of these guidelines will be distributed through United Way’s allocation and grant-making processes. When a designated pledge made within these guidelines is paid, United Way forwards the payment, minus cost, to the designated organization.

“It’s the best-kept secret in town, just how many agencies the United Way supports and how much they contribute to the community.”
