THE WAY WE SERVE ST. CLAIR COUNTY

115,015

program services received by St. Clair County residents in 2025.

1,395

children and families received coordinated forensic interviews, investigations and trauma-informed counseling services, reducing family stress and improving children's coping skills and emotional stability.

128,000

meals (153,000 pounds of food) were distributed to nearly 2,000 households, providing immediate relief from food insecurity while helping families navigate temporary and chronic financial crises.

10,000+

community members were reached through school programs, public events and statewide presentations focused on youth mental health awareness and suicide preventions and 600 students were supported by student-led HOPE Squad with 20 trained peer leaders.

INCREASED ACCESS

to mental health screening, medication and referrals for uninsured, low-income residents, using grant funds to ensure patients received timely treatment and improved health outcomes.

STORIES OF IMPACT IN ST. CLAIR COUNTY

SERVING OTHERS, HELPING NEIGHBORS

Building stronger communities starts with people who are willing to serve – people such as Zachary Gentile. His commitment to service and leadership comes through as both a professional and volunteer. Outside of his role as Senior Vice President at Ford Meter Box, he serves on United Way of Central Alabama's (UWCA) Board of Directors as well as the St. Clair County Advisory Board, which champions the work of nonprofits and expanding resources across St. Clair County. As part of his work with the Advisory Board, Zachary supported a UWCA Community Project Grant for The WellHouse. Connections formed through that partnership later led Ford Meter Box to hire an individual who was served through the program. "She now has health insurance, a great wage and contributes to the success of our organization," Zachary said.
