Giving Children a Running Start On Their First Day of School

Success By 6 is an initiative of United Way of Central Alabama designed to transform basic childcare into high-quality early learning.

- Classrooms receive quality learning tools, including equipment, courses, problem-solving materials and a library of books.
- Teachers receive training and technical help.
- Children benefit from a greatly enhanced environment and developmentally appropriate instruction.
- Parents learn to proactively participate in their child's transition to kindergarten.

Nurturing Success Since 2003

Focusing on Pre-K Classrooms

Success By 6 facilitates best practices for early learning in more than 50 Pre-K classrooms, improving more than 600 children's school readiness in Central Alabama each year.

Performing Community Outreach

With the help of many community partners and volunteers, Success By 6 coordinates health screenings, provides free school supplies and puts thousands of books into the hands of young children.

Promoting Health and Well-Being

Success By 6 and the Alabama Partnership for Children conduct an innovative program called *Help Me Grow*, which is a free information and referral service that uses a toll-free number (1-833-939-0336) to connect families to health and developmental resources aimed at helping children up to age 8 start school healthy and prepared to succeed.

Join in the Success!

Volunteer to read to a classroom, organize a drive for books or school supplies or make a tax-deductible contribution.
